

Section profile SP 2/C-100

- ▶ For conveyor unit self-assembly for profile construction heights of 100 mm
- ▶ For use in conjunction with all drive modules AS 2/C-..., return units UM 2/C-..., guide profiles FP 2 and glide profiles GP 2
- ▶ Longitudinal grooves for easy mounting
- ▶ For conveyor units with a height to conveying level of 100 mm

Notice: The WT 2/LS can be used for longitudinal conveyors with this component.
It is not possible to cross over.

The section profile is used to set up conveyor units with the flat-top chain conveyor medium.

Required accessories

- ▶ Glide profile GP 2
- ▶ Guide profile FP 2

Ordering information

Product description	l (mm)	Delivery unit	Material number
Section profile SP 2/C-100 12 x 6070 mm	6070	12	3842564310

Technical data

Material number		3842564310	
Moment of inertia	I_x	cm ⁴	134.70
	I_y	cm ⁴	38.47
Moment of resistance	W_x	cm ³	55.92
	W_y	cm ³	23.02
Material specification		Aluminum, natural; anodized	
Weight	m	kg/m	4.52
Length	l	mm	6070
Profile surface	A	cm ²	16.56
