

SH 2/U-H switch bracket

- For fastening a sensor and attaching to the inside groove of a conveyor section
- For sensing of the workpiece pallet position from below
- The short length of the switch bracket enables recognition of the operating status of the sensor
- Especially sturdy metal design

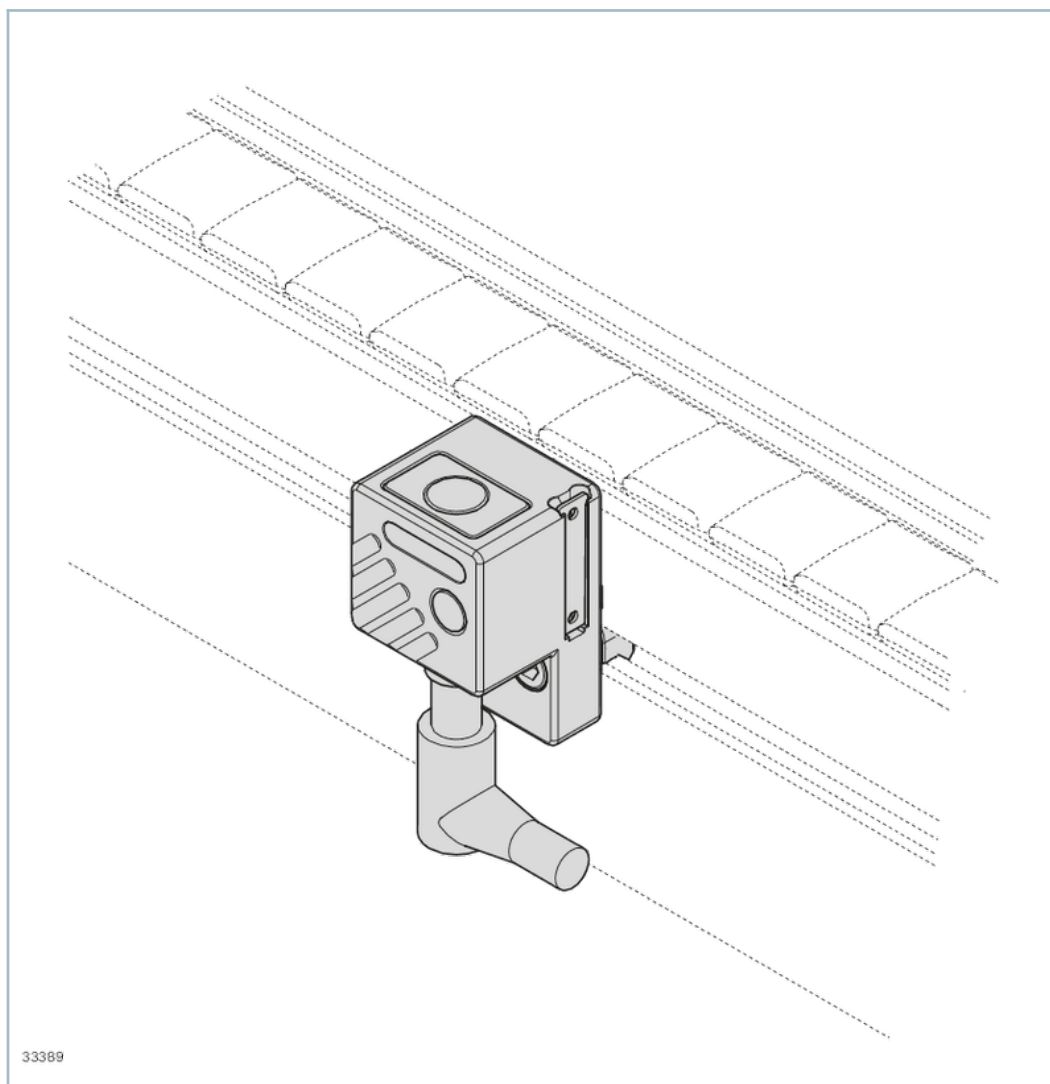

[PDF](#) Assembly instructions

- Able to bear loads of up to 100 kg
- Simple, fast mounting and replacement of the sensor without adjustment through flush installation with defined sensing range
- Suitable for mounting on an ST 2/... section with a profile width of 45 mm or an ST 2/...-H section with a profile width of 50 mm
- Changing the sensor is quick and easy by loosening a separate clamping screw. The switch bracket stays in position

Product description

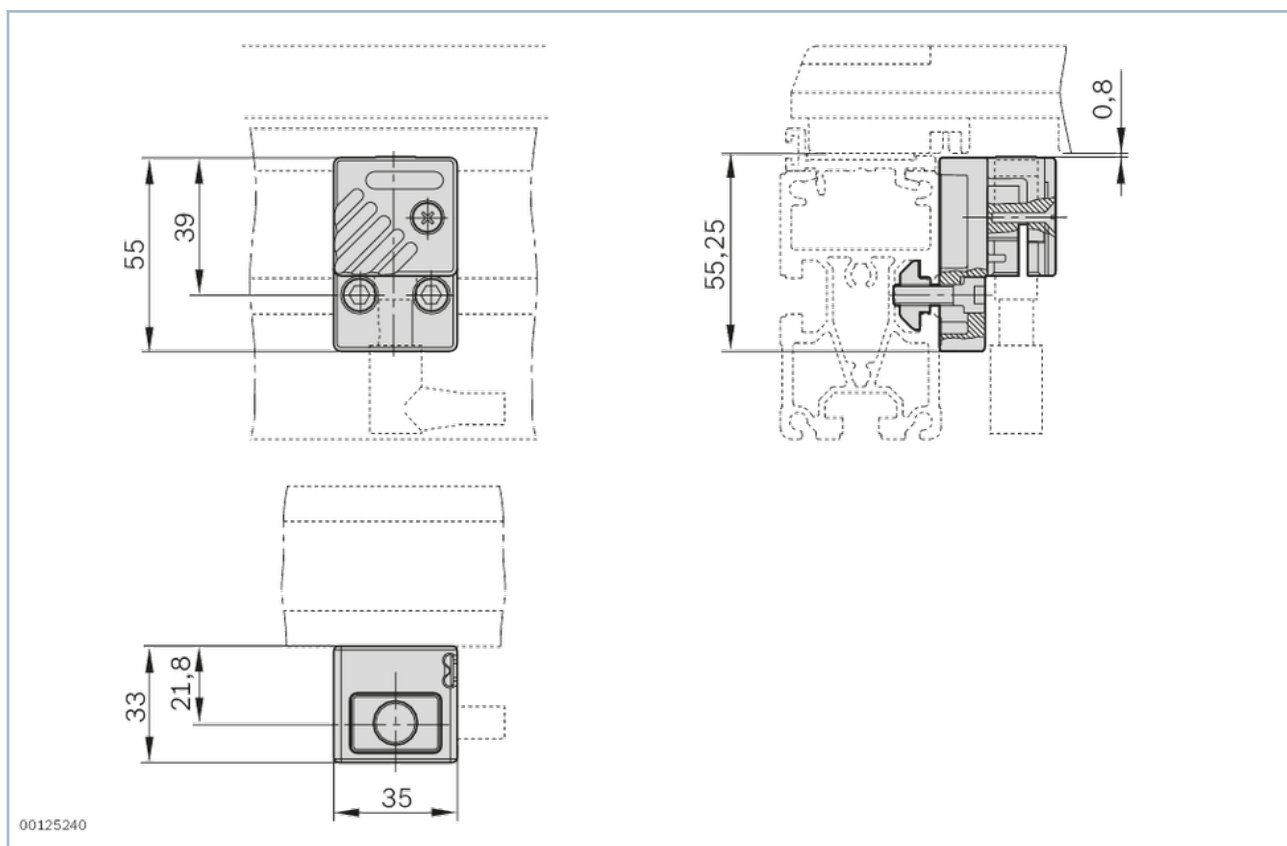

The switch bracket can be used to fix an M12x1 sensor in place for sensing of the workpiece pallet position from below.

Technical data

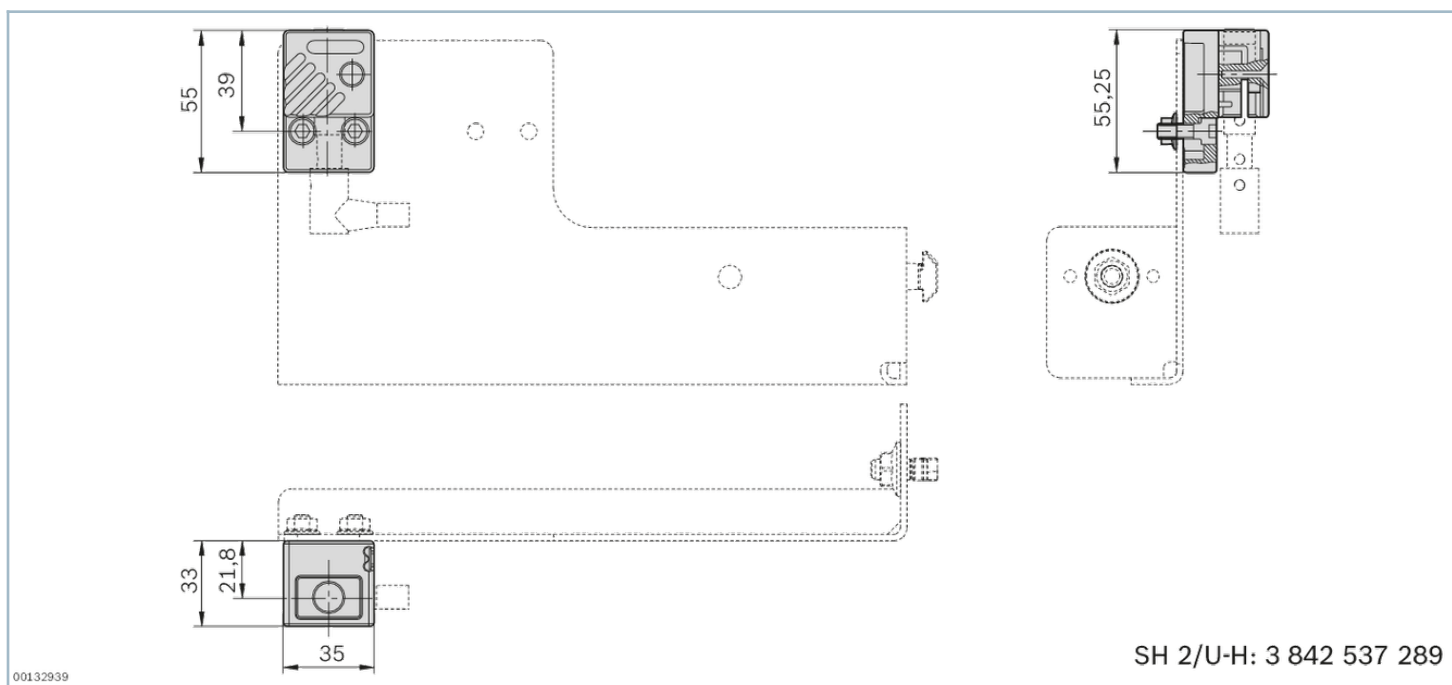

No.		3842537289
Material entry		Aluminum, die-cast

Dimensions

SH 2/U-H switch bracket

Accessories

Required accessories

Sensor M12, $S_N = 8 \text{ mm}$, $L \geq 44 \text{ mm}$
can be installed flush or not flush

M12 sensor with M12x1 push-in fitting
