

Sliding block, sliding block profile, swivel-in, slot 10

- Profile finishing: not required

- Swivel-in sliding block profile for self-assembly of individual fastening elements
- The swivel-in sliding block for inserting directly at the installation position for really easy assembly
- The swivel-in sliding block with spring can be inserted directly at the assembly point and fixed in position thanks to attached springs
- The swivel-in sliding block with headless setscrews permits shake-proof fixing in all positions
