

Sectional rails for lateral guides

- Sectional rails for lateral guiding of the transported material
- Suitable for fixed lateral guide holders and variable lateral guide holders
- Various materials and geometries for different applications

- A: Aluminum profile rail
- B: HDPE profile rail
- C: Profile rail 17x17.5
- D: D12 profile rail

Product description

Aluminum profile rail

- Aluminum profile rail for robust lateral guides
- Holder distance: Max. 750 mm, less with accumulation pressure

HDPE profile rail

- HDPE profile rail for light applications
- Bendable
- Spacer distance: Approx. 300 mm

Profile rail 17x17.5

- Profile rail 17x17.5 in robust design made of stainless steel 1.4301 with PE guide protecting the product
- Holder distance: Max. 750 mm, less with accumulation pressure

Profile rail D12

- Profile rail D12 in robust design made of stainless steel 1.4301
- Holder distance: Max. 750 mm, less with accumulation pressure

Sliding rail, narrow

- Clip-on sliding rail for aluminum or profile rail HDPE
- For gentle product transport and minimum wear to profile rail HDPE

Sliding rail, high

- Clip-on sliding rail for aluminum or profile rail HDPE
- Wide guiding surface
- For gentle product transport and minimum wear to profile rail HDPE

Outer profile connector

- Outer profile connector for aluminum profile rails **(A)**, profile rail HDPE **(B)**, 17x17.5 profile rail **(C)**

Internal profile connector

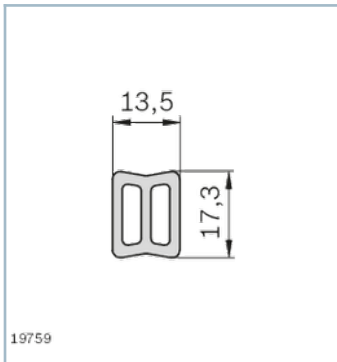

- Inner profile connector for profile rail in aluminum **(A)**, profile rail HDPE **(B)**

Cover cap

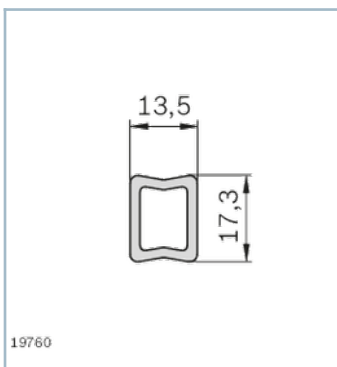

- Cover cap for aluminum **(A)** profile rail, HDPE **(B)** profile rail

Dimensions

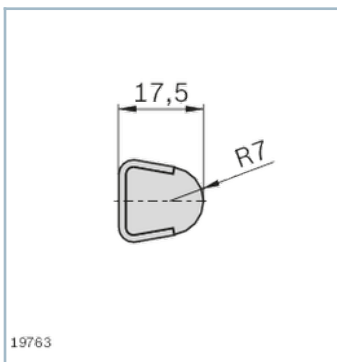

Sectional rail, aluminum

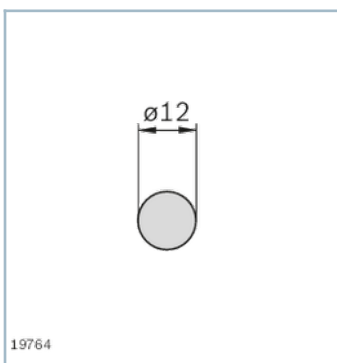

Sectional rail HDPE

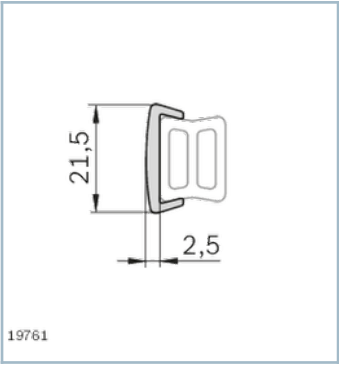

Sectional rail 17x17.5

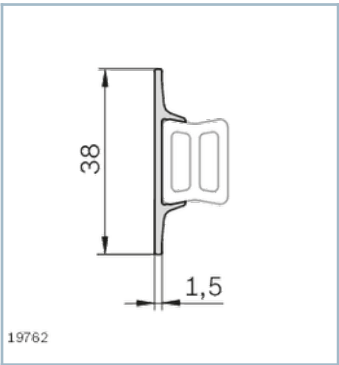

Sectional rail D12

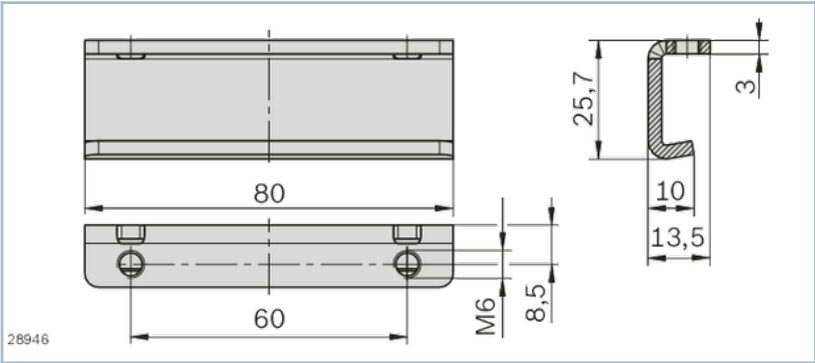

Slide rail, narrow

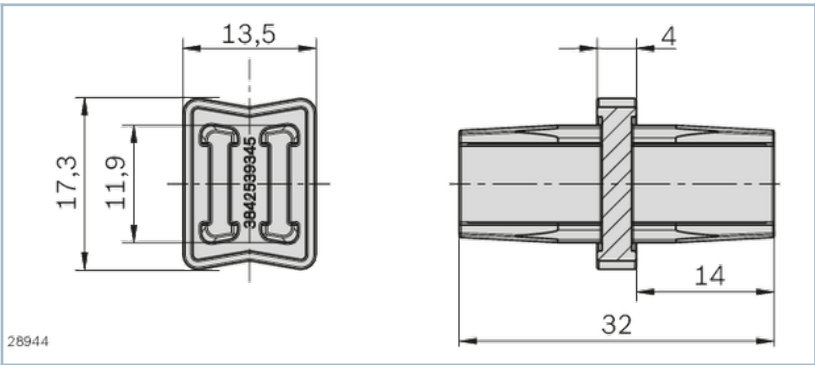

Slide rail, high

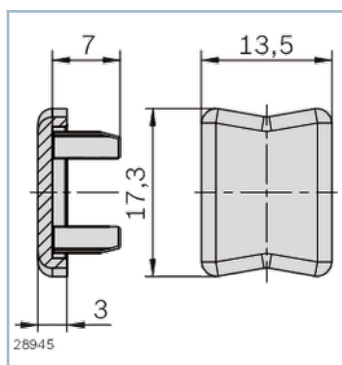

Outer profile connector

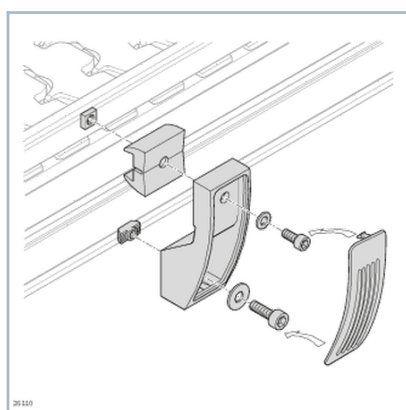

Inner profile connector

Cap

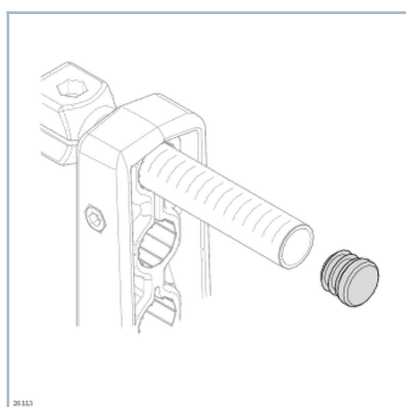

Accessories

Lateral guide holder, fixed

- Holders for lateral guides with fixed installation height and fixed guide width
- Holder, fixed, for sectional rail aluminum, sectional rail HDPE, and sectional rail 17x17.5

Accessories

- Plug
- Reducing adapter
