

Switch bracket SH 2/UV 3842557600

- For fastening a sensor and attaching to the stop gate VE 2
- Suitable for querying the workpiece pallet position from below
- The short length of the switch bracket enables recognition of the operating status of the sensor

- Simple, fast mounting and replacement of the sensor without adjustment through flush installation with defined sensing range
- Changing the sensor is quick and easy by loosening a separate clamping screw. The switch bracket stays in position

Product description

The switch bracket can be used to fix an M12x1 sensor in place for sensing of the workpiece pallet position from below.

Technical data

No.		3842557600
Material entry		PA 66; black
