

EcoSafe protective frame, vertical sections

- Protective frame made of protective grille profile 30x30 WG40 with woven wire grille 40x40x4
 - Suitable kits enable the construction of doors (system doors, sliding doors, double doors)
 - Fully assembled on delivery
 - Simple mounting on the supports using the suspension brackets. Single fitter is sufficient
 - Standard widths or customized dimensions
-
- Horizontally or vertically divided protective frames provide additional stability for large surfaces
 - Color-coated woven wire grilles improve visual contrast in the protected area and facilitate recognition of access routes and emergency exit routes
 - Modular dimension 'B' relates to 45x45 supports
