

Set of grounding components

- Set of grounding components for defined grounding of ESD workstations

Product description

Set of grounding components

Technical data

Material	Fastening material: Steel; zinc-plated
Conduction resistance R	1 x 10 ⁶ Ω

Accessories

Recommended accessories

Damping ring or damping plate for insulation from conductive floors makes defined conduction possible

Delivery notes

Scope of delivery

Incl. fastening material

Fastening material

3842522087	1x
